

[MASTER PLAN OF THE FACULTY OF NURSING & PHYSIOTHERAPY]

The Master Plan Committee of the Faculty of Nursing and Physiotherapy has agreed to provisionally approve the initial elements of the Plan (Validity, Mission, Vision and Values). The Committee also determines to disseminate these proposals so that the university community of the Faculty can make suggestions and changes.

VALIDITY OF THE MASTER PLAN

The Master Plan would begin in the 2018-2019 academic year and it would end in the 2022-2023 academic year.

MISSION OF THE FACULTY OF NURSING & PHYSIOTHERAPY (What we are at present)

The Faculty of Nursing and Physiotherapy is a public University Center of Higher Education belonging to the University of Cádiz. It is located both in the Cádiz Campus and the Jerez Campus and it seeks an integral education of nursing and physiotherapy professionals, generating knowledge in Health Sciences and training professionals with a critical spirit. It is formed by a multidisciplinary team committed to its social environment, performing a teaching, scientific and innovative work that ultimately aims to collaborate in the generation, maintenance and recovery of health, quality of life and the well-being of people.

VISIÓN OF THE FACULTY OF NURSING & PHYSIOTHERAPY (What we want to be in the year 2023)

Our Center aims to be a prestigious public institution for its training, research and transfer within the framework of Health Sciences, integrated into national and international networks. It wants to be a faculty in continuous contact with society, which offers an innovative training and counts on the active role of students.

VALUES OF THE FACULTY OF NURSING & PHYSIOTHERAPY

The Faculty of Nursing and Physiotherapy embraces the values of the University of Cádiz and highlights as its own the commitment, the flexibility, the openness and closeness.

In order to know the diagnosis of the faculty, the critical success factors, the challenges and the actions to reach these challenges, you can refer to the Spanish version:
